

AD FS INSTALLATION & CONFIGURATION

Installing and configuring AD FS for Infor can be a complicated and time consuming process so we are making our technical documents available to anyone that may need some assistance. Our documents will take you step by step through installing AD FS and IFS and configuring Landmark, Landmark thick client, LSF, LSF thick client, Lawson Smart Office and Mingle. Of course, if you would prefer we do it for you, simply contact our sales team for a services quote.

Register for your free copy at www.kinsey.com/ADFS

We recommend that Infor's manuals be downloaded and reviewed prior to starting the AD FS and IFS installation configuration steps and used in conjunction with information detailed in the Kinsey documents. The information is provided on an "as is" basis with no guarantees of completeness or accuracy.
